Remedy Than of All Others Put Together.

The following letter from a locality where Chamlerbain's Cough Remedy is well known shows by the unprecendented demand for it that the medicine sells on its own merit. Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dezens sold under guarantee, I have not had one returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." NEW YORK, March 15 .- Orders poured into the cotton market this morning from all directions, causing an active start, but no great change from last start, but no great change from last night, as the cables were about right and the large volume of selling orders practically offset the demand. Among the prominent early purchasers were the same brokers who bought so heavi-ly for Wall street account yesterday, also houses handling Philadelphia spot business.

business.

Local bulls gave good support, but a big quantity of long stuff came on the market in addition to which was active short selling by some of the local bear interests, evidently acting on the theory that after such a sharp advance as occurred yesterday, and with today's weather in the South almost ideal for farm work and the movement, a lower market was justified.

Private Liverpool cables were very bullish.

At the annual meeting of the Pennsylvania railroad stockholders yesterday the directors were authorized to issue \$50,000,000 bonds, with the privilege of making them convertible. A part of the proceeds of the issue will be used to retire the \$27,000,000 6 per cent bonds maturing in June and July of this year. It is assumed that the balance will be applied to a subscription to an increase in the capital stock of the Pennsylvania company sufficient to enable that company to finance the amount remaining due on the \$50,000,000 notes issued last year. It is learned that the contemplated \$50,000,000 Pennsylvania bond issue will be at the rate of 3% per cent. The bonds will be convertible into stock at 150.

The Safest Investments

Are those that do not depend upon the financial responsibility or the stability of any individual or corporation. First deeds of trust (mortgage) notes liberally secured on good real estate in the District of Columbia constitute "gilt-edged" investments. These are the only kind we make and supply to investors. They bear interest, payable semi-annually, at the rate of Five per cent per annum, and may be had of us in amounts from \$500 and upward at par and accrued interest. "I was under treatment with some of the best physicians in London (England) for what they chagnosed as incurable heart trouble. I suffered agonies through pains about my heart, fainting spells, palpitation, and exhaustion. As a drowning man grasps at a straw, I tried Dr. Agnew's Cure for the Heart. May 6.92 ... 6.95 FIVE WOMEN MISSING

Five persons for whom the police have been looking for several days, have thus far kept out of their reach, and it is a question of uncertainty whether they ever will be caught.

AND POLICE BAFFLED

is a question of uncertainty whether they ever will be caught.

These persons are Mary Stewart, who escaped from the House of Mercy, 2408 K street northwest; the mother of little Madeline, the baby that was abandoned in Mrs. Julia Dye's house, 108 Second street northwest, who disappeared on the same night; the woman who abandoned the baby on Alexis Maceron's steps in Southeast Washington on Monday night; the mysterious woman who called at the Filtration Plant on Monday night, and said she had attempted to throw herself into the reservoir and was prevented from doing so by the thickness of the ice, and who is believed to be connected with the abandonment of the baby at Mrs. Dyes, and Florence Jordan, an inmate of St. Elizabeth's Asylum, who escaped from the institution on Monday afternoon.

Captain Boardman, Chief of Detectives, who is directing the search for these persons said today nothing had been heard from any of them.

Little hope is held out so far as the mothers of the bables and the Filtration Plant caller are concerned, but the police are especially desirous of apprehending the other three on the list of missing persons.
